

# BUOM LOUNGE CHAIR

2042-AMCH

DISTRICT EIGHT

BUOM reinvents a familiar archetype with sophistication. This solitary armchair combines the elegance of suspended comfort with the sensuality of a robust structure. Its leather seat is moulded after the silhouette of full-blown sails, known as *buồm*, in Vietnamese traditional boat, and through expert craftsmanship, appears as if it's only touching the slanted legs. The solid oak frame enhances its sturdy support, with cross stretchers forming a visual dynamic with the seat's undulating lines. BUOM is the timeless companion that embodies our demands for lightness and refinement.

— Designer: Jean-Marie Massaud

## BUOM LOUNGE CHAIR

### BY JEAN-MARIE MASSAUD

Jean-Marie Massaud is a French designer with extensive experience in furniture, architecture, transport, and product design. He also leads a talented and expert team that brings to life demanding and high-quality design projects.

In his work, the final drawing represents only the visible part of a deeper contemplation on reduction and synthesis. Functionality, economy of means, and adaptation to the context are concealed behind the lines of light and essential designs, embedded in a familiar yet always singular answer. Regardless of scale and industry, he is equally comfortable imagining a flying hotel or challenging a historical furniture company.

Through various collaborations, Jean-Marie Massaud is paving a way where each project is a further step toward the union of pleasure and responsibility.
